- Optional federal regulatory system
- Less time spent on paperwork, more time spent with customers
- Serve customers regardless of where they live (or move), or where you live (or move)
- New products in a more timely manner
- Markets establish prices
- Consumers benefit from having more competitive options

## A National Insurance Charter is the answer

One insurance license to sell in 56 jurisdictions

Visit our website to learn more about how you  
can help modernize insurance regulation

On this debate, strength is in numbers

**Can you meet your customers  
needs at this pace?**
