

Member of Congress Spotlight

Senator Richard Burr

Party: Republican

State: North Carolina

Election Year: 2016

Committees:

Chair, Select Committee on Intelligence
Finance
Health, Education, Labor and Pensions

Industry Presence in North Carolina:

- 40,000+ jobs
- 10 pulp, paper, and paperboard mills
- 180 converting facilities
- 52 lumber and wood products production facilities
- Produces over \$10 billion in products annually

Senator Burr is:

- Supportive of biomass energy as a sustainable, responsible, renewable and economically significant energy source.
- A strong advocate for a simpler, more competitive business tax code
- A champion for lessening the burden of onerous, duplicative, and overly-costly federal regulations on job creators
- A leader for the industry in making sure the government does not mandate electronic only options for paper prescription drug inserts
