

## Special Election Message Template For Employers

From: Employer

To: [Congressional District X] Employees

Subject Line: [State and District] Special Election

Dear Employee,

On June 20, [Congressional District] will hold a special election to fill the vacancy left by [Previous Legislator's] appointment to [New Position] within President Trump's administration.

We recently went to the polls in November to cast our ballots, but now we need to get out and make our voices heard one more time. The decisions we make in this special election will help to shape the 115th Congress as the legislative session continues and bills are introduced. The [X District] depends on your vote and the outcome of this race.

Let's get out there one more time and make a difference!
